

Help Kenn Kaufman and BSBO Spread the Joy of Birding!

DONATE THE GUIA

In the spring of 2005 Kenn Kaufman's Birds of North America became the first field guide to the birds of the US and Canada to ever to be published in the Spanish language. Guia de campo a las aves de North America is a testimony to Kenn's commitment to championing the cause of nature. Kenn funded this project himself in the hopes that this book would help to recruit scores of new birders from among the more than 28 million Americans who speak Spanish at home. In today's world our natural resources are facing countless threats. Kenn's idea is that the more people we can awaken to the beauty and importance of our natural world...the more support we win for conservation.
