

NATIONAL GUARD BUREAU  
3501 FETCHET AVENUE  
JOINT BASE ANDREWS MD 20762-5157

13 June 2017

Mr. Eric Glitzenstein  
4115 Wisconsin Ave. NW #210  
Washington, D.C. 20016

Dear Mr. Glitzenstein,

This letter is to provide your clients the most accurate and current information concerning the proposed construction of a wind turbine at Camp Perry, Ohio (the "Project"), *i.e.*, the subject of your clients' Complaint in *American Bird Conservancy v. Disbrow*, 1:17-cv-00547 (D.D.C.).

In 2006, the Ohio Air National Guard ("OHANG") initiated National Environmental Policy Act ("NEPA") proceedings related to the Project. The OHANG issued a Finding of No Significant Impact ("FONSI") regarding the Project in August 2013, and in January 2014, the Air National Guard ("ANG") withdrew the FONSI.

ANG subsequently began a second round of environmental analysis under both NEPA and the Endangered Species Act. However, ANG has not rendered any final agency action which approves or otherwise authorizes the Project, and has no plans to take such action or to continue any environmental review of construction of the turbine at Camp Perry.

Until such time as this litigation is withdrawn/dismissed, we ask that you direct all inquiries concerning the Project and its history to counsel for Defendants. If and when the litigation concludes, however, please feel free to contact the undersigned with any questions or concerns regarding future environmental analyses involving construction of the wind turbine.

Sincerely,

A handwritten signature in black ink, appearing to read "Bm Wk", is written over the typed name.

Benjamin W. Lawless, P.E.  
Chief, Asset Management Division
